

- Vigilance environnementale - détecter - prévoir - agir

Jeudi 13 Avril 2023 9h-17h (accueil à partir de 8h30)

INSA CVL, Salle de conférence de la Chocolaterie, Département Ecole de la Nature et du Paysage de l'INSA CVL, 9 rue de la Chocolaterie, 41000 BLOIS

The central graphic is a large circle with a light green background. At the top, the words "détecter", "agir", and "prévoir" are written in a curved path. In the center, the text "Vigilance environnementale" is written in a larger, bold font. Below this text is a circular inset showing a deer in a forest. Surrounding the central circle are several smaller images: a woman in a forest, a woman holding a plant, a stone bridge over a river, a dragonfly, a bee, and a wasp. At the bottom of the circle is a logo with three arrows forming a triangle, labeled "Healthy People", "Healthy Environments", and "Healthy Animals".
